

Preliminary Programme

Clinical pharmacology meeting tomorrow's health care challenges

Saturday June 29

14:00	Clinical Pharmacology Trainees meeting (JSa, IE)
17:00	

21 sessions
6 workshops
6 slots for sponsors etc

17:30	Reception at Stockholm City Hall
19:30	

Sunday June 30

09:00	Poster presentations		
10:00	PS1. Welcome and introduction; Clinical pharmacology reaching out - 25 years with EACPT EACPT president professor Ylva Böttiger		
10:20	Plenary lecture; KI president professor Ole Petter Ottersen: Needs and potential of global health research and education in Europe - how can clinical pharmacology contribute?		
11:00	Refreshment		
11:20	Plenary lecture; Professor Harry Sokol: Gut microbiota: a new actor in pharmacology?		
12:00	Lifetime achievement award and lecture (to be announced)		
12:40	Lunch		
14:00	S2a: Treating cancer I	S2b: Treating children	S2c: Chronic disease I 1. "Update on treating hypertension", "Choice of antithrombotic treatment"
15:20	Coffee		
15:40	S3a: Treating cancer II	S3b: An ageing population "Decision support for elderly prescribing" "Prescribing in Frail elderly"	S3c: Chronic disease II Psychopharmacology
17:00	BCPT Nordic Prize in Basic & Clinical Pharmacology & Toxicology		
17:10	Satellite symposium	IUPHAR geriatric subcommittee symposium	
18:30			

Monday July 1

07:00	EACPT run (GR, JC)		
08:00	How to become a clinical pharmacologist (CS, TB)	How to measure drug exposure? (EC, EE)	How to make an oral presentation and feel good about it? Prof Jan Marcusson, SE
08:50			
09:00	S4a: Closing the money gap I	S4b: EPHAR-EACPT joint symposium on personalised medicine	S4c: Preparing tomorrow's prescribers
10:30	Coffee		
11:00	S5a. Closing the money gap II	S5b: Advanced therapies	S5c: Interprofessional exchange for better drug treatment
12:00	Lunch (and EACPT EC meeting)		
12:30			
13:30	Poster presentations		
14:30	Plenary debate; Prescribing vs deprescribing		
15:10	Coffee		
15:30	S6a: Targeting small populations	S6b: The critically ill patient	S6c: Misuse of medicines
16:50			
17:00	Satellite symposium	Satellite symposium	Satellite symposium/EACPT council meeting
18:30			
19:30	Congress dinner		

23:30

Tuesday July 2

08:00	Workshop: Ethics in clinical research	Workshop: How to perform a health economic study	Workshop: How to measure drug use
09:00	Group meetings (EuroDurg, Education, Regulatory, UEMS etc)		
10:00	S7a: Antimicrobial resistance "Could PK/PD be the answer"	S7b: EACPT meets Asian societies	S7c: Patient empowerment for better drug treatment
11:30	Lunch		
12:30	Poster presentations		
13:30	S8a: Drug regulation in the 2020's Regulatory perspective; Healthcare professional and patient;	S8b: Clinical drug research of tomorrow	S8c: Clinical pharmacologists versus computers
14:50	Award lectures and closing ceremony		
15:00			
16:00
